<a href="#">999752</a>	Professor Alexandrov is hands-down the best Spanish teacher/professor I have ever had in my 7 years of Spanish. She cares deeply about her students, goes above and beyond to keep in touch with them outside of class, and makes every class exciting and fun even when the material is dry and difficult. Going to a morning language class every day can wear you down, but Professor Alexandrov makes every class worthwhile. I couldn't recommend her more highly.
<a href="#">1000201</a>	Excellent instructor who helped students engage with the subject. Particularly encouraged speaking in class in a fair and effective way.

<a href="#">1012745</a>	Excellent. Always enthusiastic, always helpful, and always thoughtful.
<a href="#">1012752</a>	Best teacher I've had
<a href="#">1012776</a>	Best professor ever. Take it with Sybil.
<a href="#">1013084</a>	She's the best teacher I've ever had. If you have to take the course, take it with her. She actually made class fun every single day; all of us looked forward to going everyday. She's really fair in grading too.
<a href="#">1013370</a>	Amazing instructor. Super helpful, fun, intelligent, and energetic.
<a href="#">1015898</a>	Professor Alexandrov sets a new standard for language teachers. She is engaged, knowledgeable, and funny. Her feedback is precise and informed and she is a strong advocate for her students.
<a href="#">1047181</a>	Professor Alexandrov made me look forward to going to Spanish class every day! She made the atmosphere in the class very fun and would always do her best to make sure everyone understood the topics we were going over. She would ask a specific person if they had a question just based on if she saw expressions of confusion on peoples' faces.

<a href="#">1520924</a>	Professor Alexandrov is so receptive to the needs of her students in learning Spanish. I did love our conversations in class the most, also the movies were very engaging to me. I truly cannot think of anything that can be improved.
<a href="#">1524746</a>	Prof Alexandrov was an absolutely wonderful instructor. She is very willing to help you if you're struggling in the course, as long as you communicate to her. Her grading is fairly strict, but never to the point where you'll be worried about your grade (given that you've been participating in class and keeping up with your work). She takes time to go through all exam, composition, or quiz materials before you take them and provides a lot of resources for better comprehension and practice. All in all, Prof Alexandrov is one of the most attentive instructors I've had at Yale, and you're guaranteed to improve in your Spanish as long as you're willing to put in the work.
<a href="#">1531772</a>	A strength was that the professor was willing to meet with students to go over exams or get extra help.
<a href="#">1536506</a>	Very energetic, friendly, and approachable to keep the class engaged and interested. I enjoyed the group work and actually switching groups every so often as it allowed me to interact with other students in the class and speak with different people. Hybrid office hours were useful options. I would appreciate if the professor called on students from time to time as I found it difficult to participate on my own accord but just needed more push to share my thoughts. I think more feedback could be given more regularly on our group work assignments as opposed to only our compositions, but overall the class was comprehensive and enjoyable.
<a href="#">1550304</a>	She was absolutely amazing! The best instructor I've had at Yale so far. The best Spanish teacher I've ever had.
<a href="#">1550802</a>	She was awesome! She was compassionate, caring, and dedicated, which I think is most important. She was also a great instructor because she paid so much attention to all of us and our growth in the language. She went out of her way to include everyone in class and meet people where they were at. I hope other students get the opportunity to learn from her in this class in the future -- she is a GREAT facilitator of learning.

<a href="#">1525177</a>	Professor Alexandrov does such a great job building community in her classroom. I learn a lot with her, and she has a way of putting her students at ease. I think this is so important in making us feel comfortable attempting to speak our mind in a language that we're not always comfortable using.
<a href="#">1525268</a>	The professor was welcoming and accomodating in many aspects. She received and implemented feedback and worked hard to make the classroom engaging and interesting.
<a href="#">1527900</a>	Professor Alexandrov is such a wonderful instructor and goes above and beyond to help you best understand things. I was hesitant to take Spanish at Yale, in general, and I feel so lucky that my first course was with Professor Alexandrov because I now plan to continue taking Spanish courses. She created a wonderful classroom environment.
<a href="#">1530507</a>	The strengths of the professor were the devotion and excitement she brought to each class, the variety of exercises and activities that she gave, her willingness to help, and the way in which she urged her students to participate while making them feel comfortable in class. One thing she could have improved on was the clarity and notification of the homework and the expectations for the final project.
<a href="#">1535193</a>	Very interesting and engaging professor. Also super nice.
<a href="#">1547938</a>	Profesora Alexandrov was an amazing instructor. She always came to class with super high energy in a way that it was encouraging for students to participate. She also gave us immediate feedback on our speaking and grammar. I truly don't have any criticism.
<a href="#">1549037</a>	Profesora Alexandrov was really great at explaining grammar. She was very kind and understanding, and created a comfortable environment for us to practice speaking Spanish without judgement.
<a href="#">1550178</a>	If you have a chance to get into Sra. Alexandrov's class, do it!! She is an AMAZING professor for so many reasons. She always keeps the class engaged, is very helpful during office hours, and is a very fair grader even though she wants to see you succeed. She made me a more confident Spanish speaker and really helped us learn the material of the course.
<a href="#">1552702</a>	I liked my instructor, she was helpful and explained information to me well- I just felt like the course should have focused more on grammar. I also did not love the group projects that replaced class on a Friday- I would rather have class. I did not learn a lot from them, and they felt like time consuming busy work in many ways.
