YUWO is Making Plans for 2017 – 2018

YUWO is a diverse group of more than 350 members, each with her own unique and valuable skills and experiences. The YUWO board is looking to expand the ranks of volunteers willing to organize and run our widely-enjoyed activities and embellish the way we communicate to keep all members informed.

The work is satisfying but not overwhelming—reasonably easy to master if you’re willing to learn, whether or not you’ve had particular experience. YUWO members who’ve had these jobs are available to help you get started. Each job can provide you a solid sense of accomplishment. And, you’ll be learning from and working with some very interesting YUWO members.

Think you might be interested? Want to explore? Review the opportunities described below, check the ones that appeal to you and let me know. I’ll gladly follow up with a phone call to you and put you in touch with the YUWO members who can explain what’s required.

With many thanks, Stephanie
